Parth Nanda

SUMMARY

An innovative, Dedicated hardworking Engineer with a strong background in Machine learning ,Web development and Computer vision enthusiast. currently looking for an opportunity to utilise my technical skills in a challenging working environment and become a valuable asset to the organisation that I work for.

PERSONAL PROJECTS

- My Portfolio website :- made using Html, Css , JavaScript, jquery.
- Movie recommendation Engine :- This application provides all the details of the requested movie such as overview, genre, release date, rating, runtime, top cast, reviews, recommended movies, etc (Built with Machine learning tools and algorithms and deploy with Heroku)
- Instagram action for like and dislike (Chrome Extension) :- A Chrome extension for like and Dislike posts of instagram using Gestures. (Built With Javascript)
- Spam Or not Spam Prediction :- prediction for mail is spam or not spam (built with Natural Language processing)
- Weather web app :- made with Html css and js also use weather Api's.
- Ipl Score Prediction :- predict the Ipl score using Features like overs , runs and , wickets. (Built with machine learning algorithms ane deployed using heroku)

CERTIFICATIONS AND ACHIEVEMENTS

- Introduction to Machine Learning By Duke university - Coursera
- HTML CSS JS AND JQUERY Basic Course-udemy
- Natural language processing for beginners - udemy
- Python - Guvi Geek Networks
- Python For data science - IBM
- Deep learning using Tensorflow - IBM
- AWS Machine learning (amazon web service) - coursera
- Python 5 ⭐ Hacker rank

SKILLS

- Technical Skills

Html , Css , JavaScript , jquery , python , Mysql , Aws Development, Machine learning, computer vision, natural language processing.

- Tools & Frameworks

Visual studio code , jupyter Notebook , Flask, Heroku, Django, Github, numpy , scipy, pandas, scikit learn, opencv.

- Non-technical Skills

Creative, responsible, problem Solving , leadership, technical Communication, analytical skills , Time management

HOBBIES

Fitness , mobile games , Travelling , environment

EXPERIENCE

The sparks Foundation - Data Science and Business Analytics Intern
Gujarat, India • 07/2021 - 08/2021
Design machine learning models with different algorithms and analysis of datasets for business problem

EDUCATION AND TRAINING

BE Computer Science
Gujarat Technological University (GTU)
Expected in 05/2022
Completed Sem 6th with 8.91 CGPA. Currently studying in sem 7th.

12th: Higher Secondary Education
GSHEB (Gujarat 12th Board)
05/2018
Completed std 12 with 70% in GSHEB Board

- Major in physics , maths , English (75%)

Std 10th: Secondary Education
GSEB (Gujarat 10th Board)
04/2016
Completed 10th Std with 80% in gseb board

- Major in Maths,Science and English (84%)
